משיב דת יונקם ויונקים יסדתי

Dear Parents and Community Members,

On Lag B'Omer 5727, the Rebbe spoke a Sich'a, just days before to the Six Day War.

"Your brothers and sisters who live in Eretz Hakodesh - Eretz Yisroel - are presently in a [dangerous] situation that requires Hasem's protection, and surely He is protecting them and sending them His blessings, and His saving help, in great measure, in order that they should overcome their present situation with total success."

Now it is up to us.

Please join in our efforts to convey the Rebbe's message to our children. Please take the time to explain to them that "From the mouths of infants and young children" Hashem has "established strength to destroy the enemy and the avenger." It is specifically the children who can, and will make a difference.

In the year 5746, the Rebbe made a "Bakasha Nafshis" that the Shabbos before Shavuos - we should gather together all people to strengthen their Ahavas Yisroel in order to bring the Geulah. There could be no better time than this Shabbos for us to make a mass gathering of Jewish children, "as one person with one heart."

Accordingly rallies have been organized throughout Southern California (see right side). Please explain to your children the necessity of attending the rally and urge them all to come. May our good decisions bring about the redemption immediately!

Thanking you in advance for your cooperation. With best wishes for Moshiach Now!
